

Sonamukhi College Annual Report 2016-2017

From the desk of principal

“EDUCATION IS THE MANIFESTATION OF PERFECTION ALREADY IN MAN”-- Swami Vivekananda.

The journey of Sonamukhi College, with the aim for providing platform of higher education, has been started in 1966 to cater the need of the aspiring students of Sonamukhi Block and its adjacent blocks which are semi-urban and rural. The College was initially affiliated to The University of Burdwan till the Academic Session 2016-2017. The affiliation is extended by The Bankura University since Academic Session 2017-18. It is a co-educational U G college situated in the lap of nature beside the Sonamukhi-Bishnupur State Highway.

The Motto of the College is to promote higher education to the students, who generally belong to agricultural & weaving background, with the help of the indomitable spirit and spontaneous enthusiasm of the faculty members of different departments of the college. With the passage of time it has achieved its name as an altar of higher learning not only for the local students but also to those in far extended region. Consequently, the students' strength is increasing year after year. The students make us elated with their remarkable progress and success in the field of education and in various extra-Curriculum windows like NCC, NSS, Magazine, Youth Parliament, Cultural and Sports.

The college ensures the suitable environment to the new-comers, who are going to have their admission here in 2016-2017, for achieving their goals in different vistas and thus they will add new feathers to the crown of the college as well as to the society.

Let us follow Rabindranath Tagore,

“THE HIGHEST EDUCATION IS THAT WHICH DOES NOT MERELY GIVE US INFORMATION BUT MAKES OUR LIFE IN HARMONY WITH ALL EXISTENCE”

HISTORY

In the glorious year of 1966, some noble souls assembled to lay the stone of Sonamukhi College under the leadership of Prof. Anantalal Patra. Late Bishnupada Dey and Late Shaktipada Dey extended their helping hand unconditionally by donating 5 acres land for the foundation as well as construction of the college. A large number of people stretched their kind hand by providing financial support for the establishment of the college. Irrespective of caste, creed, financial condition, the people showed their generosity by supporting the noble task with happiness and smile. The collective effort of the people belonging to all levels of society made it possible, the inception of Sonamukhi College as a holy place of higher education. Sonamukhi Block and its adjacent areas were densely populated. Poverty, ignorance, illiteracy, superstition and orthodoxy were their permanent companions. The initiative of imparting education to the first generation innocent learners of these areas was started in the three rooms of Sonamukhi Bindubasini Jubilee High School. The incessant and unflinching efforts achieved perfection on 17th August 1966 as the much expected approval letter from “The University of Burdwan” had been reached our college. Prof. Anantalal Patra, the founder principal, is no more with us but in all the stones, bricks, woods, plants and in everything within the college, his presence is felt, his contribution is realized. The degree of completeness in recognition was achieved in the later stage i.e. both 2(f) and 12B from UGC.

The college has now become one of the premier institutions in the field of general education in science, arts and commerce under the University of Bankura and has earned good reputation for its Academic Excellency, congenial environment and an exquisite eco-friendly geographical situation.

Sonamukhi College, an institute of higher education was established in the year 1966 to fulfil the dreams of a few noble souls of the times. Since its inception from 17th August, 1966 Sonamukhi College is trying to promote a learner-centric environment through enhancement of the academic and administrative performance. For quality improvement workshops, seminars on quality related themes are organised on a regular basis.

After a long interval we have implemented again remedial classes to enable slow learners to keep pace with academic developments. Now what we want is to integrate modern methods of teaching-learning.

The faculty members of this College have been striving to conquer the souls of this class, paving a way for them to soar upwards in Higher Education. Indeed they come out with flying colours in the Final University Exams and in various Cultural and Sports' Meets.

For skill and personality development of the student cultural programmes, sports are an integral part of the college. The various programmes of the college have been documented in the form of a self- study report. Our Internal Quality Assurance Cell collects feedbacks from the final year students of the college and also collects Self- Appraisal Report from the teachers for annual assessment. Moreover, we encourage Research Activities and provide financial support to the faculties to publish research oriented books.

The students, who throng here and get admitted as Students of First Year Degree Course would prove no exception. I strongly cherish the desire that the present Students would definitely add feathers in the cap of this Institute, having a long history of academic, sports and cultural excellence. Now we are very eagerly poised to welcome the expert peer team of NAAC, a statutory body of the UGC to assess and accredit our Institution.
